

A family favorite is barbecue chicken. This inexpensive meat is easy to barbecue with consistent results. The process for chicken is very similar to other meats. We'll cook both thighs and whole chickens. The thighs we'll marinate overnight, the whole chickens we'll split in half and rub with a BBQ rub. Many cooks like to cook chicken at high temperatures. We cook barbecue chicken low and slow for a deep smoky flavor that you don't get with fast cooked chicken.

To prepare the thighs, wash well and trim off any excess fat and skin.

Well, you can get the chicken thighs at a low price. It's a great way to get a lot of meat for a little money. This is available from

Now we'll prepare the whole chicken. Wash the chicken thoroughly inside and out. Trim

More eye-opening spiritual lessons from the central. Barbecue chicken will be using a sharp knife

Next, start making a hole in the backbone to separate the chicken halves. Save the backbone

We now have two nice chicken halves ready to go.
